# Liana De Laurent

Is a Russian-Georgian born Energy Artist who channels her artworks through a connection to Universal consciousness . Her art captures the heart through its intuitively expressive interpretations of outer dimensions and energies of the world. Liana's Channeled Energy Art is a creative translation of a deep love for unity and freedom within all the living things in existence.

"I see life as a multidimensional expression of Love, the only difference between us all, is our own perception of what Love is , this perception is what determines the Spiritual evolution of the humankind"

Liana's creativity started blossoming in Fall of 2014, gaining her first recognition of her Art through social media. She started out by posting her works in progress on Facebook and Instagram accounts.

The next day Channeled Energy Art Commission (custom painting) and energy reading requests followed. Liana is now on a journey of expanding her art beyond the world of social media. She is in process of channeling both commissions and original paintings, sharing them at Psychic Healing Fairs, Healing Centers, Yoga – Meditation retreats and more...

Her goal is to unite the world through Universal message of Unconditional love in self- expression, inspiration and freedom in her intuitive Artworks.

# *Channeled Energy Art Mission*

“Energy Art is a transmission of creative energy through a deep and yet fully conscious meditative state with a purpose to shift consciousness of our world further into it’s full potential.

My mission is to share a simple truth that all Art is Energy and this energy can connect our perceptions of Body Mind Spirit to reveal our true identity as Self realized humans”

## *Journey of the Soul Commission*

Is an experience, a deep journey through your soul's path and a connection with your energy in resonance with what your soul is experiencing.

I listen to the guidance of your Angels, or Spiritual guides to receive clear information on your energetic experience and its process. As I receive this information in a meditative state, Spirit delivers me a custom color spectrum, an image for the painting and an intuitive reading and meaning behind it. The guides will let me know what healing is necessary for the soul at the moment, through a full reading as well as the painting itself.

## *YOU - The Creator Commission*

This type of Personal Art commission is created through your desire alone. You may simply explain to me your vision, inspiration and intention for the painting you need me to create and I will do the rest. During this process I stay in close contact with you, providing you with progress report on the work in order to insure your total happiness and satisfaction in quality of the material.

Please note, that even though it is a commission, the artwork will be painted in my signature style of work.

- ❖ All Energy Art Commissions are prepared within a 30 day time frame from the order placement. You are always kept up to date and informed of the commissions progress and its development through images and a clear communication.
- ❖ My Commissions Start with a 16x20 canvas size for which the cost is \$500 USD. I have a vast range of canvas sizes available for your choosing and a quote for the painting will be based on the canvas size you choose.
